PROFILE SUMMARY

Versatile Front-End Developer with hands-on experience in React.js and Next.js, building fast, scalable, and SEO-friendly web applications. Proficient in modern UI frameworks including MUI (Material UI), Tailwind CSS, Bootstrap, and SCSS. Experienced in state management with Redux and Context API, and well-versed in integrating Strapi CMS and third-party APIs to create dynamic, content-driven user experiences. Committed to clean code, performance optimization, and delivering pixel-perfect, responsive designs with a strong focus on user experience.
